

PRESENTATION TO THE OFFICE OF THE PROVINCIAL TREASURY

NAFCOC F S

BACKGROUND

The **National African Federated Chamber of Commerce and Industry** (NAFCOC) is a not – for- profit business support organisation primarily, but not exclusively, serving the black business community.

Its main objective is to promote and encourage the development of black business in South Africa. It aims to create and promote the culture of entrepreneurship and collaboration among black business people, full and active participation in the South African economy.

It is a sectorial federation of organisations who represent a myriad of Individual Businesses operating in traditional and contemporary sectors of the economy.

Nafcoc FS is a Provincial Affiliate of Nafcoc National.

OBJECTIVES

The objects for which NAFCOC is established are :

- the promotion of economic development and growth amongst its Members within different economic sectors and facilitating the restructuring and integration of the Republic of South Africa's diversified economy in order to achieve global competitiveness;
- to contribute towards the growth of and promotion of the Republic of South Africa's economy and wealth creation by promoting, developing and expanding small, medium and micro enterprises with a view of narrowing the divide between the second economy and the first economy;
- to facilitate the acquisition of the requisite resources and business participation by and for its Affiliated Members and their respective industry specific members' companies;
- to engage and lobby with Government and other relevant stakeholders in the creation of an enabling environment in the Republic of South Africa for the growth and development of its Members;
- to cultivate an entrepreneurial culture and mutual support amongst its Members;
- to engage in and facilitate the provision of training and skills development to its Members;

- to recruit Members and co-ordinate and support their business activities;
